

JOB DESCRIPTION

Software Engineer

Remote or Hybrid Available

www.uhin.org/careers

Job Summary

We are seeking a skilled and motivated Software Engineer to join our team. The ideal candidate will be proficient in PHP, with a specific focus on Laravel for building robust and scalable web applications. Experience with WordPress is beneficial as we plan to migrate away from WordPress to Laravel. Familiarity with front-end technologies, particularly Vue.js, is preferred, though experience with other JavaScript frameworks is acceptable. The candidate should also have a background in containerized development and deployment processes.

Qualifications and Skills

- ✓ Bachelor's degree in Computer Science, Software Engineering, or a related field (or equivalent experience).
- ✓ 2 to 5+ years proven experience as a Software Engineer with expertise in PHP, Laravel, and WordPress.
- ✓ Understanding of front-end technologies, with a preference for experience in Vue.js or other front-end JavaScript frameworks.
- ✓ Proficiency in containerized development and deployment processes.
- ✓ Strong problem-solving and analytical skills.
- ✓ Excellent teamwork and communication skills.
- ✓ The ideal candidate will have a strong background in healthcare information exchange standards, with specific expertise in HL7, X12, and FHIR.

Job Duties

- ✓ **Web Application Development:** Design, develop, and maintain web applications using PHP, with a primary focus on Laravel.
- ✓ **WordPress Migration:** Contribute to the migration process from WordPress to Laravel, ensuring a seamless transition and improved application performance.
- ✓ **Front-end Development:** Collaborate with front-end developers to implement user interfaces using Vue.js or other relevant JavaScript frameworks.
- ✓ **Containerized Development:** Work with containerization technologies to streamline development and deployment processes, ensuring consistency across environments.
- ✓ **Code Optimization:** Continuously optimize code for performance, scalability, and maintainability.
- ✓ **Collaboration:** Work closely with cross-functional teams, including designers, product managers, and other developers, to deliver high-quality software solutions.

- ✓ **Documentation:** Create and maintain comprehensive documentation for code, development processes, and application architecture.

Salary & Benefits ▪

Salary range \$67k – 88,800 - 100,500/yr. depending on experience and qualifications.

- ✓ Flexible work-life balance with plenty of PTO
- ✓ Benefits package (Medical, Dental, Life, 401k Match)
- ✓ Fully stocked break room free of charge, employee weekly lunch
- ✓ Hybrid schedule (collaboration days onsite come Mondays and Tuesdays and then remote)
- ✓ Monthly reimbursement for data plan & gym membership
- ✓ Welcome you into one of the best company cultures!

About UHIN

What if you could use your talent to have a positive impact on healthcare? As a nonprofit, Utah Health Information Network, UHIN for short is a health information technology (HIT) company that is making a difference by breaking down the barriers & inefficiencies that exist in healthcare. We offer affordable technology products that allows providers, payers, and patients to securely run their business, take care of patients, and improve affordability.

Why work here? We are an innovative organization recognized for being one of the nation's leaders in standardized information exchange. So how do we do it? It's no secret, we owe the past 30 years of our success to our outstanding and talented team members.

How is Our Technology Used? We aggregate, transform, and exchange large amounts of healthcare data. Our data significantly helps the biggest healthcare organizations in the world make decisions.

▪

Additional Information

- ✓ No Travel requirements.
- ✓ The position has remote and flex-work policies.
- ✓ Disability accommodations.
- ✓ We are technologists and innovators committed to the pursuit of equitable healthcare. But health equity is not possible without representation. Our commitment to diversity goes beyond demographics or checking boxes. Our people must reflect the diverse identities, experiences and backgrounds of the communities and customers we serve – because that’s what our society, colleagues and communities deserve.
- ✓ This position may be exposed to PHI on a regular basis; however, only accesses the minimum necessary for completing tasks. In doing so, this position must comply with all UHIN Policies and Procedures with specific regard to PHI Privacy and Security sections and maintain confidentiality regarding the information being processed, stored, or accessed by the network.
